### EXPERIENCE

**Volterra** San Francisco Bay Area, CA

UX Product Design Intern | Jan 2019 - Now

Created UX flow for Enterprise users to easily configure and monitor edge services.

Participate in User testing to understand users' needs

Designed innovative data visualization for network traffic and collaborated with data viz engineer

**TMI - Twisted Rope** Buffalo, NY

UX Intern | June 2017 - Aug 2017

Designed an internal web app for designers to share images they need to use together, also looking for inspirations for their work. My Role is brainstorm, wireframe, prototype, and create hi-fidelity designs and hand the final prototypes to the engineering team.

Designed a web app about the statement of work, which is the bridge for project manager and clients define the scope of work, the duration, the budget for each project.

**RIT School of Design** Buffalo, NY

Graduate Assistant | June 2017 - Aug 2017

Assisted professor teaching undergraduate 3D design students. Help freshman and sophomores with Photoshop and Maya.

Design, Manage and update website for Professor.
